

Office of Postdoctoral Affairs *Responsible Conduct of Research (RCR) Series*

Ken Wright, PhD

Senior Member and Vice-Chair
Department of Immunology

Doug Cress, PhD

Senior Member
Molecular Oncology

Present:

“Research Misconduct and Policies for Handling Misconduct”

This seminar will discuss the basic components of research misconduct that may occur within the course of research activities: falsification, fabrication and plagiarism, questionable research practices, the various agency definitions of misconduct, how to report occurrences, and the roles and responsibilities of the whistleblower.

Registration is required. To register, use Lawson My Self-Service, click on MCC Training, Registration by Course, scroll down to “OPA-RCR Research Misconduct” and click on the course “OPARCRMIS”.

Tuesday, February 27, 2018

12:30 pm – 1:30 pm

Ferman Family Conference Room

Vincent A. Stabile Research Building
